DISEASES IN MITALA DIVISION

There are many people living in our division. These people suffer from many diseases. The diseases are spread by different vectors. Mosquitoes spread malaria. We should sleep under mosquito nets to avoid malaria.

There are other vectors in people's houses. There are rats. Rats carry fleas to our houses. There are also bedbugs. The bedbugs bite people in beds. Dirty people have lice in their clothes. The lice feed on people's blood. There are houseflies in latrines and toilets. Houseflies spread diarrhoea. They live in dirty places.

We must keep our environment clean to avoid houseflies. We should avoid vectors to avoid diseases.

CULTURE IN OUR SUB-COUNTY

People have culture to show
In our sub-county we have many cultures
Women wear skin hats
Men wear skin sandals
To show their culture.

In our sub-county we have many cultures
Boys build huts at ten years of age
Girls start to greet people
And girls kneel down to greet people.

In our sub-county we have many cultures
Women don't eat eggs and liver
Men eat eggs, liver and everything
Boys sit on chairs
And girls sit on mats.
Culture is culture in our sub-county.
